7th Conference of Electrochemical and Membrane Separations Science and Technology

18-22 May 2025, Wrocław,
Poland

It is our pleasure to invite you to attend the seventh International Conference on Electrochemical and Membrane Separations in Wrocław in May 2025. The next edition of the world's most relevant scientific event on Battery Deionization & Electrochemical Separations (BDI&E) will also cover the latest developments in the field of membrane separations.

We are looking forward to seeing you at E&MS 2025 in Wrocław, Poland.

TOPICS

- New materials for electrodes
- New materials for membranes
- Theory and modelling
- Integrated processes and novel configurations
- Deionization
- Selective separations
- Capture and conversion of CO₂
- Recovery of raw materials
- Practical and pilot-scale developments
- Life cycle assessment and techno-economic analysis
